Sprint 3:

Retrospective:

Start doing:
1. Bug tracking (Trello)
2. Prioritize bug as tasks (Put this in the sprint planning)
3. SCRUM resources (best practices) -- planning poker

Stop doing:
1. Late to SCRUM meeting

Continue doing:
1. Pull request
2. SOLID best practices (decoupling items to avoid dependency or conflicts)
3. Effective SCRUM meeting
4. Communication between members (Slack)
5. Feature freeze period
